MEMORANDUM FOR MEMBERS OF ANCICC:

Subj: Interim Report from Subcommittee on Merger Planning
(SMP)

1. The Subcommittee on Merger Planning has submitted an interim report (enclosure A) for the consideration of members of ANCICC. It recommends that the Subcommittee for Intelligence and Security be directed to arrange the details of establishing a joint center for evaluating intelligence other than purely military or naval by methods now used by MIS.

2. Since SMP considers its proposal to be a matter of urgency, it is requested that the Secretariat be notified as soon as practicable of the decision of members of ANCICC.

John V. Connorton
